

UNIVERSITAS FORUM

Attractive territories for a sustainable world

[Universitas Forum, Journal of human development and international cooperation](#), has just published its most recent issue on *Attractive territories for a sustainable world*.

Universitas Forum uses open-source publication software and all articles can be downloaded and viewed free of charge. Article abstracts can be viewed in any of the journal's four languages: English, French, Italian and Spanish. Full texts are published in the original language, unless authors have provided translations.
