

MENTAL HEALTH, COOPERATION AND DEVELOPMENT

ARTICLE BY LUCIANO CARRINO
IN THE MAGAZINE *TIERS MONDE*

In the magazine *Tiers Monde* de l'Institut d'Etude du Développement économique et social de l'Université Paris 1 Panthéon Sorbonne, in the September issue of the year 2006, it was published the article of Luciano Carrino: *Mental Health, Cooperation and Development Beyond the Techniques of Importation of Humanitarian Aid, the Experience of the Program Prodere*. The article shows that the approaches commonly used by mental health professionals reveal major conceptual shortcomings when applied to situations of extreme poverty and insecurity.
